Name/Business/Title: Yoder's Lawn Care

Address: 520 S. Spruce Street, Arthur, IL 61911

Size of company/what type of mowers do you currently use, and how many? Small company using Exmark ZTR.

Years in business 20 years.

Permission to use as testimonial. Yes

What is your opinion of the Vulcher? You install it one time and you have a Mulching machine. It has been much easier, and I've spent less time than with a different mulching kit. All you have to do is pull the lever, and you have the ability to set the degree of mulching you need for the situation you are in, or will encounter.

How many Vulcher's do you use? One at this time, getting ready to expand shortly.

What models do you use? Have used manual but, I like remote model the best.

Why do you use the Vulcher? Saves time, keeps area cleaner, saves labor, bagging not needed.

Describe how you use the Vulcher?

What features appeals to you the most about Vulcher 2 the Safety Mulcher?

- 1) Safety
- 2) Time and labor saved.
- 3) Keeps quality of cut.

How often do you use your Vulcher? 70% of the time. What features do you use the most?

Your view of where this technology fits into the future of this industry. I would not cut with grass out it. It is a green product. It will add nutrients to the grass and cut down on waste going into our dumps.

Are operating costs of your business important to you? Helps make extra profits.

If this was original equipment on a mower you were considering to purchase, would it help you decide? Yes most definitely

How long have you used Vulcher 2 the Safety Mulcher? 10 years . Do they live up to their claims? Yes.

Would you recommend our product to others? Yes most definitely

### Customer Testimonial

Name/ Business/ Title: Danny's Lawn Service  
4625 Kelley Gap Rd  
Greeneville, TN 37743  
Danny Cutshaw owner

We are a small "Mom and Pop" company like most Lawn care providers. We use 2 Exmark Lazers and a Lesco walk behind ( which we will replace with a Exmark this spring)

We started our business in 1998. It consist of myself, my son, and sometimes my wife helps. We at times hire part time help when needed

You have my permission to use this testimonial

The Vulcher has been a very usefull tool in our business

We have 2 Vulcher's at this time.

We have one manuel on the walk behind and one operator controlled on the Lazer

We use both mulchers in close places along landscapes, walks, close to buildings and around parking lots and vehicles. It also is very helpfull when around high traffic areas and along streets and highways. Also we have a Hospital complex with a heavy pedestrian traffic. It also elimates the need to bag in tight places in most cases.

The ability to adjust the vulcher is a great asset. You can use it to mulch and you can use it to keep clippings from being blown so far. You can adjust it to the best position as needed.

We use the Vulcher every day that we mow. Because of the ability to adjust the vulcher we use it in most all situations when we need to controll the discharge.

As the vulcher evolves it will become a product that most people will find to be a must have.

Operating cost are very important to every company. When you can find a product that can cut down on your operating cost it means savings for both you and your customer.

This will be our third year using the Vulcher Mulcher and so far have met our expectations and more

I would highly recommend that you try the Vulcher Mulcher and as I have found it will save you TIME and MONEY!

Danny Cutshaw

Name/Business/Title: Michael Swengel, Mike's Lawn Care, Owner

Address: 3255 Timber Walk Circle, Loganville, GA, 30052

Size of company/what type of mowers do you currently use, and how many?

Last year I had about 10 yards a week. I have two mowers. One is a 61' ferris, and the other has a 44' cut gravely zero turn.

Years in business: I have been doing this for about seven years.

Permission to use as testimonial. Yes

What is your opinion of the Vulcher

Instead of grass shoots, I think the Vulcher brings a lot of safety with it. Also it make your grass healthier by mulching the grass and returning it for the grass' nutrients.

How many Vulcher's do you use? I currently use two Vulchers.

What models do you use? Both have remotes on them.

Why do you use the Vulcher? I use the Vulcher for the safety of people and a more efficient way of cutting grass.

Describe how you use the Vulcher. To start off with, I use the vulchers on all of my mowers. I use the Vulcher for safety, and to mulch up the access grass that is not mulched up enough.

What features appeals to you the most about Vulcher 2 the Safety Mulcher?

- 1) Safety.
- 2) Ability to adjust.
- 3) It makes mowing more efficient.

How often do you use your Vulcher? Always What features do you use the most? The ability to adjust the Vulcher "on-the-fly"

Your view of where this technology fits into the future of this industry. This technology will make mowing more efficient and safer to use around people and fragile objects.

Are operating costs of your business important to you? Yes

If this was original equipment on a mower you were considering to purchase, would it help you decide?  
Yes

How long have you used Vulcher 2 the Safety Mulcher? Seven Years

Do they live up to their claims? Yes

Would you recommend our product to others? Yes

Name/Business/Title Raul Torres, C & R Landscape (owner)

Address 6331 SW 188 ave. Southwest Ranches FL. 33332

Size of company/what type of mowers do you currently use, and how many? Two crews (6 guys)

2 scags STHM 61, 3 Ferris 5100 IS, 1 scag 36 hydro walk behind and 1 sentar 52 zero turn.

Years in business – 21 years in business

Permission to use as testimonial. Yes

What is your opinion of the Vulcher? It is a great tool, saves you time, money and problems.

Time- No clean ups in your flower beds, sidewalks, driveways from debris coming out of your shut.

Money –

Your properties get cut and finished faster, because you're not spending man hours blowing and cleaning up from what the machines threw in your beds, patios and driveways.

Problems-

I have several commercial accounts and debris from the shutters have broken several car windows, sliding glass doors in homes and have hit people causing many problems that I know don't have to worry about.

The Vulcher gives me peace of mind when my crews go out to the work sites.

How many Vulcher's do you use? Seven

What models do you use? Vulcher 2

Why do you use the Vulcher? Time, Safety and productivity

Describe how you use the Vulcher? To keep debris from entering the beds, driveways and walkways.

What features appeal to you the most about Vulcher 2 the Safety Mulcher?

1) Safety

2) Productivity

3) Peace of mind

How often do you use your Vulcher? Every day

What features do you use the most? The availability to close or open the shut to any position needed depending on the situation.

Your view of where this technology fits into the future of this industry-Great technology will have a positive effect if people would apply it. Lower Insurance cost and more productivity.

Are operating costs of your business important to you? Very!!!

If this was original equipment on a mower you were considering to purchase, would it help you decide?  
Yes

How long have you used Vulcher 2 the Safety Mulcher? 10 Do they live up to their claims? Yes

Would you recommend our product to others? Definitely, I would not operate any of my mowers if out the Vulcher, if you try it you'll see why.

Name/Business/Title

Tim Carter, Owner/ Carters Lawn Care/

Address: 3963 Bainbridge Dr. /Cincinnati, OH 45241

Size of company/what type of mowers do you currently use, and how many? Small co. three machines along with two Vulcher's. Third machine is a Toro with stamped deck, he has a Vulcher for it but it won't work on a stamped deck.

Years in business, 25

Permission to use as testimonial. Yes

What is your opinion of the Vulcher? How many Vulcher's do you use, decent product, 2 units.

What models do you use? One manual and one remote unit

Why do you use the Vulcher? Safety and leaves

Describe how you use the Vulcher? Most of the time keeping leaves and debris out of mulched beds, whenever I am around people.

What features appeals to you the most about Vulcher 2 the Safety Mulcher?

1) Safety/ before the Vulcher I had an incident that was a 5 thousand dollar insurance claim. A rock bounced of a door and put the window out of a 3 week old new car.

2) Leaves

3) The fact that you can move it up and down to mow different conditions.

How often do you use your Vulcher? Most of the time/ what features do you use the most? The versatility of being able to adjust to conditions.

Your view of where this technology fits into the future of this industry. Very important

Are operating costs of your business important to you? Yes and the Vulcher help to keep cost in line.

If this was original equipment on a mower you were considering to purchase, would it help you decide? Absolutely

How long have you used Vulcher 2 the Safety Mulcher? 5 years Do they live up to their claims? Yes

Would you recommend our product to others? Yes and I do.

Name/Business/Title Doug Knott Knott's Land Care, LLC Owner

Address 26F Columbia Circle Merrimack, NH

Size of company/what type of mowers do you currently use, and how many? Small Company Hustler Mowers – walk behinds & ZTR's

Years in business six

Permission to use as testimonial. yes

What is your opinion of the Vulcher. The Vulcher is a great way to save labor and increase safety

How many Vulcher's do you use? Three

What models do you use?

Why do you use the Vulcher? I like the labor savings, the turf benefits, and the increased safety

Describe how you use the Vulcher? We use it as the normal part of cutting grass. Instead of bagging, we mulch the clippings providing a better service to our clients while reducing labor and opportunities for back injuries.

What features appeals to you the most about Vulcher 2 the Safety Mulcher?

- 1) Labor Savings
- 2) Recycling of clippings
- 3) Manicured finish to lawn

How often do you use your Vulcher? What features do you use the most? All season long. Clipping mulching

Your view of where this technology fits into the future of this industry With the drive to make everything "green" this tool can help a company show it uses "green" technology and engages in "green" practices

Are operating costs of your business important to you? Yes

If this was original equipment on a mower you were considering to purchase, would it help you decide? Yes, as long as the mowing manufacturer did not make a ridiculous price increase as a result of the vulcher being in place.

How long have you used Vulcher 2 the Safety Mulcher? Do they live up to their claims? Two seasons. Generally.

Would you recommend our product to others? Only if they are not my competition!

Name/Business/Title Dwaine Bartlett/ Bartlett Lawn Service

Address 6226 Bennett Lake Rd. Fenton, MI 40430 OH. 810.275.4241

Size of company/what type of mowers do you currently use, and how many? Small 3 mowers, John Deere 797 ZTR, John Deere 717A ZTR, Exmark 60" 34 hp ZTR.

Years in business? 30 years

Permission to use as testimonial. Yes

What is your opinion of the Vulcher. Outstanding job, very efficient,saves a lot of time because you can get the job done with a single cut. Eliminates grass from flower beds and walkways. Does a very good job for fall and spring cleanups because we get a lot of leaves. The Vulcher does an excellent job with leaves, it turns them to dust. Even in situations where leaves a up to 6" deep.

How many Vulcher's do you use? Three units. All mowers.

What models do you use? Remote models.

Why do you use the Vulcher? Makes the job quicker, saving time and labor

Describe how you use the Vulcher?

What features appeals to you the most about Vulcher 2 the Safety Mulcher?

- 1) Fall and spring clean ups.
- 2) Being able to make a single cut/ keeping grass out of beds or areas where you don't want it.
- 3) Safety

How often do you use your Vulcher? Always What features do you use the most? The ability to open and close them making them versatile

Your view of where this technology fits into the future of this industry. When I get a new mower we will definitely get a new Vulcher.

Are operating costs of your business important to you? Yes, Vulcher saves me time and money, it definetley helps me make more money.

If this was original equipment on a mower you were considering to purchase, would it help you decide? Yes.

How long have you used Vulcher 2 the Safety Mulcher? 5 years Do they live up to their claims? Yes it is a very good company to deal with. They always answer my questions. The Vulcher does live up to what they say they can do in Michigan.

Would you recommend our product to others? Absolutely Yes.
